Join us for a workshop on sculptural collage using different materials of natural and non-natural origin. Together we shall create artworks or 'figurations' exploring the relationships between:

discarding and remembering, forgetting and rebuilding personal and collective memories.

Deconstructing and recomposing, resisting and reinventing female, human, non-human and posthuman corporeal experiences.

No technical expertise required, open to all women and students in the Maltese community and from elsewhere.

Max 15 participants.

Book your place writing to: publicprogram@maltabiennale.art

For info please contact: matriarchivio@gmail.com
